**Environment**

We utilise Amazon Web Services (AWS) for this service, and will provision your new environment in the Data Centre closest to you.

**Backups**

We backup your environment daily, and retain these backups for 14 days.

**Access**

You will securely access Selerity Analytics Desktop via SAS Studio using a browser on your PC.

**System Administration**

Selerity pro-actively manage your environment. Requests can be made using the Selerity Help Desk and are undertaken by specialist System Administrators.

**Technical support**

This service provides phone, email and web based Technical Support for questions, issues or advice on your Selerity Analytics Desktop environment.

**Security**

Security is of the utmost importance to us, and when providing this service we only access your environment using secure methods, and only when needed. All tasks done on your environment are fully documented in our ticketing system and available to you for review at all times. We have strict internal policies on security to ensure that your environment remains secure.
